Microsoft Autoroute â€¢ PRO version 3.0. New features:Â . The eastern block is a world apart from the west and china. It's a much safer and stable place for them to live. And it's been that way a long time. Not that all Russia is bad. It's actually a lot of things. But it is different. The east block is the only alternative to the west. We've kind of ostracized these countries to a point in that we've decided to oppose the world's idea of how to live. The west would prefer a two-tier world where the

west has power and the east doesn't. It's a flawed idea. But one of the biggest problems is that we've convinced ourselves the world is such
