How to Setup a VPN on Mac OS XÅ .Q: Can't change the author in Joomla So I can't change the author of a post in Joomla when I edit the post from the post manager. I've been trying a bunch of stuff, but can't seem to change it to a different author. Example: I set it to "John Smith", when I go to edit the post I change it to "John Doe", I then click save. After doing this, when I go to view the article it says it's still "John Smith", not "John Doe". Any help
