Creator. This is one of the best games I've ever played, not only because of the graphics, but because the gameplay is so great. The actual gameplay is much better than FIFA 17 and improves upon it in so many ways. The ball's kicking system is much better than FIFA 17 and it's exactly like the FUT games. Good luck, EA. I'm a bit disappointed that the achievement goals are not available for manual unlock instead of being hidden. Other than that there is nothing of note or less to worry about.
